

Celebration Assemblies SPRING2

Half-termly celebration assemblies are of significant importance for students in Years 7 to 11. These gatherings serve as vital occasions to recognise and celebrate various achievements, including 100% attendance, academic excellence, and notable progress in subjects. By acknowledging the highest attaining students in each subject and those who demonstrate exceptional progress, the assemblies reinforce the value of hard work and academic success. Furthermore, recognising students with the highest attitude towards learning (ATL) emphasises the importance of positive behaviour, dedication, and a growth mindset in their educational journey. Overall, these assemblies promote a culture of achievement, encouragement, and recognition within the school community, inspiring students to strive for excellence in their academic endeavours.

Subject	Subject Attainment Award				
	Year 7	Year 8	Year 9	Year 10	Year 11
