ADD ON INTERVENTION FOR PARENTS WHO HAVE ATTENDED A TRIPLE P GROUP

Enhanced Triple P

Enhanced Triple P offers families the opportunity to access an additional 3 one to one sessions after they have completed a Triple P group (Stepping Stones, Triple P 0-12 or Teen Triple P).

These enhanced sessions are aimed at helping parents implement strategies from the Triple P group as well as explore some of the underlying challenges they may be facing. Topics include

- Implementing strategies from the Triple P programme
- Partner support and communication
- Coping strategies and parental mental health

Please note that families cannot be directly referred for Enhanced Triple P support, and must have completed the Triple P group before they can be put forward for enhanced support. Once parents have completed the Triple P group, facilitators will be able to put them forward for enhanced sessions if required.

SUPPORT FOR SEPARATED PARENTS

Family Transitions Triple P (group and one to one)

Family Transitions Triple P is designed for parents who are experiencing personal distress from separation or divorce, which is impacting on or complicating their parenting.

Family Transitions Triple P assists parents who need extra support to adjust and manage the transition from a two-parent family to a single-parent family. It focuses on skills to resolve conflicts with former partners and how to cope positively with stress. It also encourages parents to reflect on the impact of their separation and divorce on family life.

Whilst Family Transitions is more effective when both parents/ carers engage with the programme, parents/ carers can be referred without their ex-partner. Sessions are attended by parents individually rather than as a couple.

Prior to the start of the programme: Introduction/ one to one discussion (phone or MS teams)

Week 1: Divorce, a family transition

Week 2: Coping with emotions 1

Week 3: Coping with emotions 2

Week 4: Managing conflict

Week 5: Balancing work, family and play

Mellow Mums

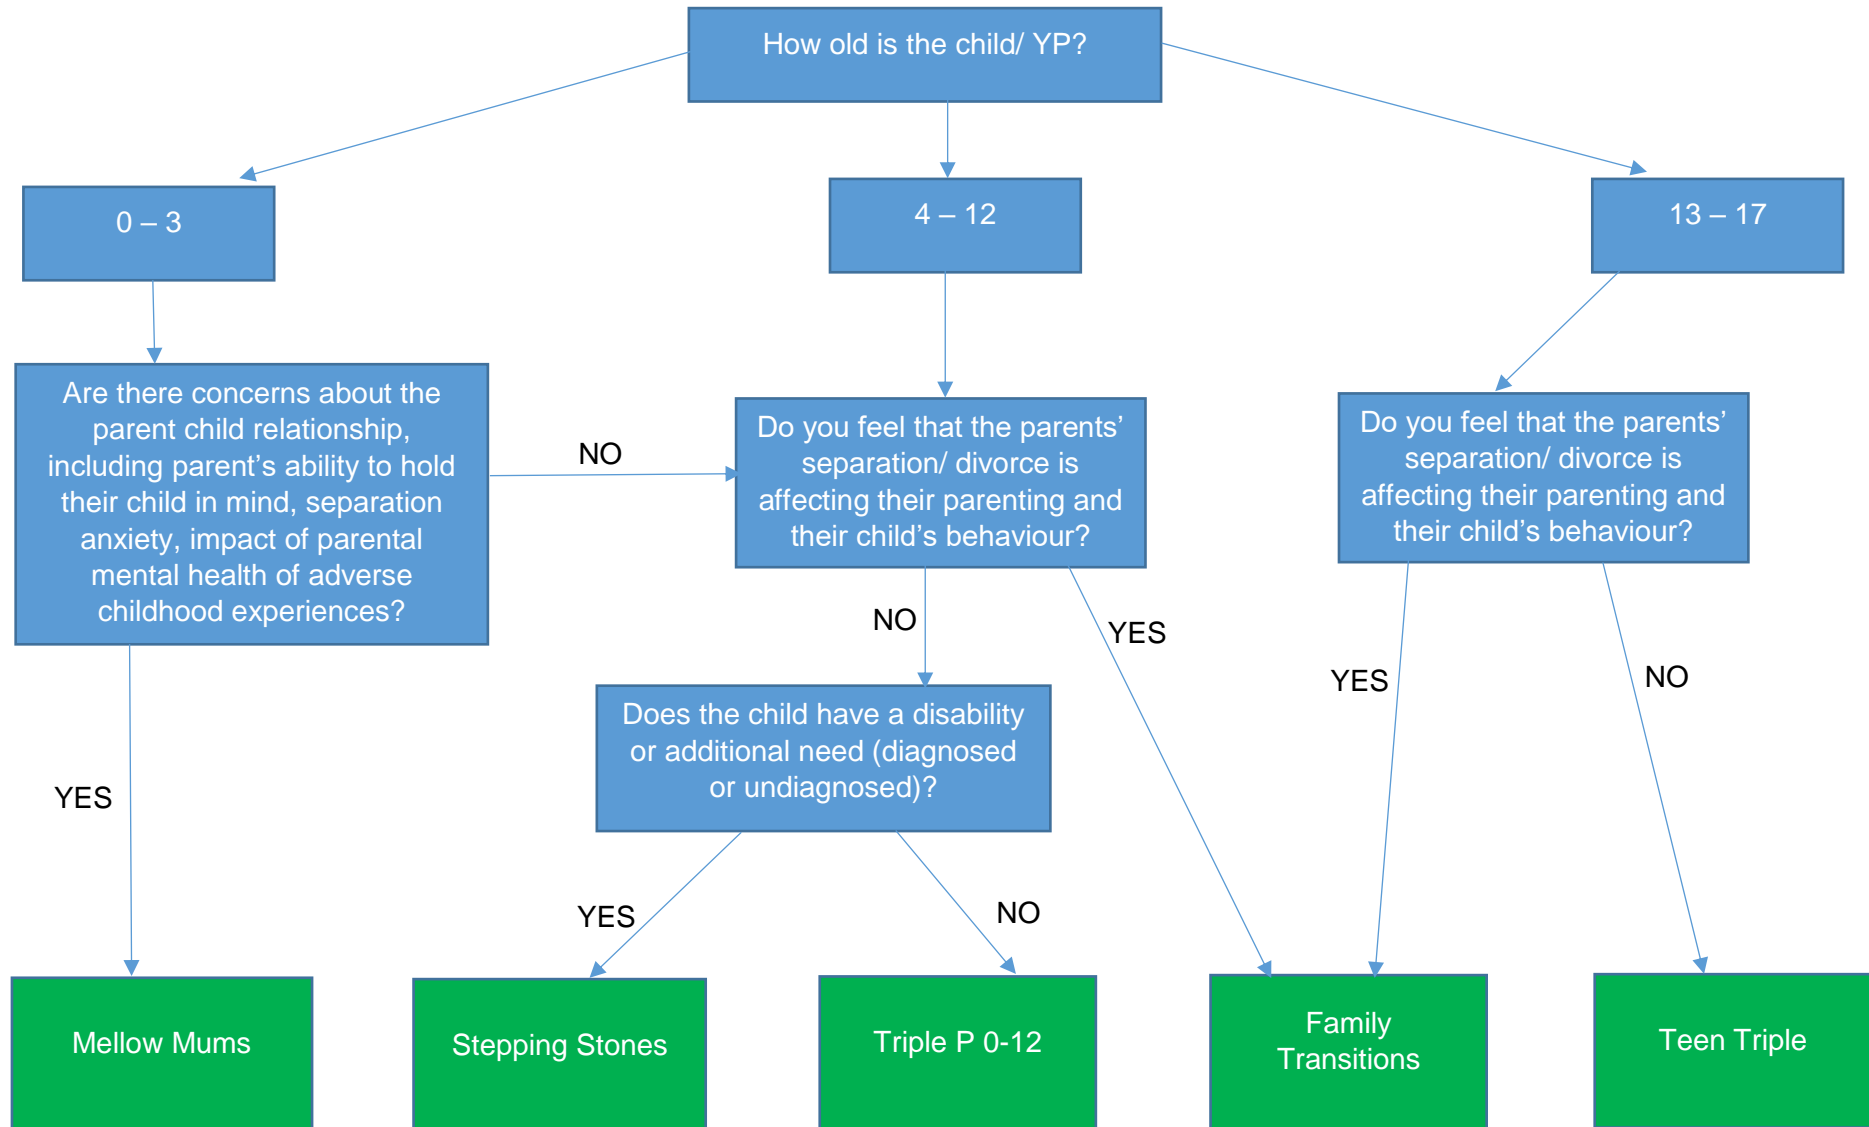

Mellow Mums is an attachment and relationship-based group intervention for mothers of children aged 0-3. Children attend the group alongside their mothers. The group helps mothers reflect on some of the challenges they may have encountered either in childhood or more recently, and how this may affect their parenting and relationship with their child.

The group is delivered over 12-14 weeks, and each session is usually split into four parts:

- A personal group for participants to reflect on their own experiences of motherhood and being parented (*children in the children's group*)
- A shared lunch with participants, their children and the facilitators
- A lunch time activity, e.g. a game or arts and crafts activity, to encourage positive parent-child interactions
- A parenting workshop to discuss parenting challenges, using strength-based video feedback (*children in the children's group*)

Dates	Day	Time	Venue
13.09.23 – 13.12.23	Wednesday	10am – 3pm	Woodlands Children's Centre Gilbert Scott Primary School, Farnborough Ave, CR2 8HD <i>Crèche for children aged 0-3 – children must be able to attend the group alongside their mothers</i>
